MAJOR FAILURES

A major failure is classed as a non-repairable critical failure making the system not fit for use defined by either of the following two parameters:

1. The System storage tank will be free from leaks under operating and water chemistry conditions per below table

TANK WARRANTY CONDITIONS

INLET PRESSURE	PH RANGE	CHLORIDE
>500kPa	6 - 8	> 250mg

2. The System will provide sufficient performance as to guarantee a heating capacity equal to meet a medium load demand for the climate zone it has been installed in, as outlined AS/NZS 4692.1:2005., when connected to a continuous power supply.

A major failure can only be validated by an Aquatech approved service agent or plumber, or by the Aquatech Solar Technologies Pty. Ltd. service department. If a major failure is validated an approved agent will need to complete a Major Failure System Report (contact Aquatech Solar Technologies for a copy of report document).

Owners will be required to support their warranty claim by providing a Major Failure System Report document as well as proof of original purchase, such as invoice for the supply or installation of the system for which a warranty claim is being made against.

MAJOR FAILURES

The following steps should be taken when making a warranty claim with Aquatech Solar Technologies Pty. Ltd:

1. Owners experiencing issues with their system are to contact Aquatech Solar Technologies Pty. Ltd. service department directly on 1300 769 904 during operating hours.
2. If your issue can not be dealt with over the phone, owners will be supplied with details of service agent in their area.
3. Owners will need to contact and deal with service agents directly in relation to the booking and payments of works related to the service or repair of their system.
4. If an attending Aquatech approved service agent determines that the system has a non-repairable fault resulting in a Major Failure they will generate a Major Failure System Report and submit to owner along with a copy of their invoice for attending the job.

5. Owners must submit the following documents to: warranty@hydrothermhotwatersystems.com.au to validate a Major Failure Claim:
 - Major Failure System Report completed by approved Aquatech Service Agent
 - An original purchase invoices or installation invoice to prove ownership and to determine that the system has not been relocated or altered from the original install.
6. A Major Failure can only be claimed for a period of 6 Years from the date of system install. Owners who can support their claim of a Major Failure within 6 Years of the date of install, will be supplied with a free system of equal or similar tank and heating capacity, depending on models available at time of claim. Owners will be entitled to any and all Government subsidies that maybe available to them at the time of the supply of a free system., any claims to such subsidies will be the responsibility of the owner.

The replacement system will be made available for collection from the closet Aquatech Warehouse or distributor to the owner’s address. Any associated cost for shipping and or delivery of the free replacement system from said warehouse and or distributor will be at the owner’s expense and therefore are not covered under the warranty terms and conditions. This includes any costs required to locate the system into the installation location. The owner is responsible for any and all costs associated with the installation of the replacement system by a licensed tradesman of their choosing.

If a free replacement system is supplied in the event of a Major Failure Claim, any and all warranties will be determined based on the date of the original system as prescribed in the Major Failure System Report and not the date of the replacement system. For purpose of future warranty claims the replacement system will be prescribed the same serial number as the original system. All warranty claims made against the replacement system will be treated without prejudice up to 6 Years from the date of the original system installation determined by either proof of purchase, or Major Failure System Report, and failing the supply of these documents the original date of manufacture.

Owners can claim reimbursement for the following costs associated with a Major Failure: The labour costs incurred in the generation of a Major Failure System Report, when said costs have been itemised on invoices from an Aquatech approved Service Agent or Plumbers.

AUSTRALIAN CONSUMER LAW

Our goods come with guarantees that cannot be excluded under the Australian Consumer Law. You are entitled to a replacement or refund for a major failure and for compensation for any other reasonably foreseeable loss or damage. You are also entitled to have the goods repaired or replaced if the goods fail to be of acceptable quality and the failure does not amount to a major failure.

The warranty (set out above) is in addition to any rights and remedies that you may have under the Australian Consumer Law.

NON-RESIDENTIAL WARRANTY

Where the DYNAMIC/X8 has been installed in any capacity not related to the supply of potable hot water at a temperature not in excess of 60°C, the installation will be deemed as nonresidential and all warranties are void.

NON-RESIDENTIAL WARRANTY

The DYNAMIC/X8 has been rated to meet a medium load delivery per AS/NZS 4692.1:2005 across all five climate zones. Where the average daily hot water demand made on a single DYNAMIC/X8 system is shown to be 150% or above medium load demand for the climate zone in which it has been installed as outlined in AS/NZS 4692.1:2005. Or if the property where the system is installed is not installed in a single-family domestic dwelling.
